Dear Shareholder,

Schroder International Selection Fund (the "Company") - Change in delegation arrangement and other updates

Change in delegation arrangement

We are writing to inform you of a change in delegation arrangement of the funds of the Company which are authorised by the Securities and Futures Commission of Hong Kong (the "**SFC**")¹, as set out in Appendix 2 (each an "**SISF SFC-Authorised Fund**").

As disclosed in the Prospectus of the Company, each investment manager may appoint one or more other Schroders group companies, at its own expense and responsibility, to manage all or part of the assets of a fund or to provide recommendations or advice on any part of the investment portfolio (each a "**Sub-Investment Manager**"). Any Sub-Investment Manager appointed by an investment manager may, in turn, appoint another Schroders group entity (each a "**Sub-Delegate**") to manage all or part of a fund's assets, subject to the prior written consent of the investment manager.

Currently, as disclosed in the Hong Kong offering documents of the Company, the investment managers of certain funds of the Company (each a "**Relevant Fund**"), at their own expense and responsibility, have allocated the investment management of certain proportion of the assets of the Relevant Funds to the Sub-Investment Managers. Details of the current arrangement of the Relevant Funds are set out in Appendix 1.

With effect from 11 November 2022, each investment manager may delegate discretionary investment management of the SISF SFC-Authorised Funds to one or more of the Sub-Investment Manager(s) as listed below. Each Sub-Investment Manager(s) may in turn, appoint one or more

¹ SFC authorization is not a recommendation or endorsement of a scheme nor does it guarantee the commercial merits of a scheme or its performance. It does not mean the scheme is suitable for all investors nor is it an endorsement of its suitability for any particular investor or class of investors.

Sub-Delegate(s) as listed below to manage all or part of the assets of the SISF SFC-Authorised Funds. As a global asset management group, the proposed arrangement will enable Schroders to leverage on the expertise of the different investment management entities and utilise investment management resources within the Schroders group more efficiently.

The management company, investment manager, Sub-Investment Managers and Sub-Delegates are all companies within Schroders group. The list of the Sub-Investment Managers and the Sub-Delegates (the “**List**”) is as follows:

Sub-Investment Managers / Sub-Delegates
Schroder Investment Management (Hong Kong) Limited
Schroder Investment Management (Singapore) Ltd
Schroder Investment Management North America Inc.
Schroder Investment Management Limited
Schroder Investment Management Australia Limited
Schroder Investment Management (Japan) Limited
Schroder Investment Management (Europe) S.A. – German Branch

Notwithstanding the proposed arrangement described above, it is not the current intention that Schroder Investment Management (Japan) Limited will appoint Schroder Investment Management (Singapore) Ltd to manage all or part of the assets of any SISF SFC-Authorised Fund, and vice versa.

Under the proposed arrangement, the entities set out in the List above may be appointed or removed as the Sub-Investment Manager(s) or Sub-Delegate(s) of one or more of the SISF SFC-Authorised Funds from time to time without any further notice to Shareholders. The List will be disclosed in the Company's Hong Kong offering document and any change to the List will be updated as soon as reasonably practicable. The list of the latest Sub-Investment Manager(s) and Sub-Delegate(s) of the SISF SFC-Authorised Funds will no longer be disclosed in the Hong Kong offering documents, but will be provided to Shareholders on request and shall be further disclosed in the Company's periodic reports, i.e. the audited annual reports and unaudited half-yearly reports of the Company.

Any addition or removal of entities to or from the List shall be subject to all applicable legal and regulatory requirements and the prior approval of the SFC. Shareholders will be given one month's prior notice in the case of any such addition of entities to the List and will be notified as soon as reasonably practicable in the case of any removal of the entities from the List.

Save as disclosed above, all other key features of the SISF SFC-Authorised Funds will remain the same and there will be no change to the risks applicable to the SISF SFC-Authorised Funds. There will be no change to the current fees and expenses payable to or borne by the SISF SFC-Authorised Funds or Shareholders. Save as disclosed above, there will be no change to the operation and/or manner in which the SISF SFC-Authorised Funds are being managed as a result of the proposed arrangement. The proposed arrangement will not have any material effect on Shareholders of

the SISF SFC-Authorised Funds. The proposed change is not expected to materially prejudice the rights or interests of existing investors.

Upon the proposed arrangement takes effect, the management company of the Company shall continue to have ongoing oversight and regular monitoring of the competence of its delegates to ensure that its accountability to Shareholders is not diminished. Although the investment management function of the management company may be delegated to the investment manager(s), Sub-Investment Manager(s), and/or Sub-Delegate(s), the management company's responsibilities and obligations will not be delegated.

Costs and expenses in respect of the change in delegation arrangement

Any costs and expenses incurred in the proposed change including legal, audit and regulatory charges, will be borne by the Company. Such costs and expenses are expected to be insignificant and is estimated to be approximately less than 0.01% of the net asset value of the Company.

Options available to investors

We hope that you will choose to remain invested in the SISF SFC-Authorised Funds following the change in the delegation arrangement as set out above, but if you do wish to redeem your holding in the SISF SFC-Authorised Funds before the change becomes effective, you may do so at any time up to and including the dealing cut-off at 5:00 p.m. Hong Kong time on **10 November 2022**. Please ensure that your redemption instruction reaches the Hong Kong Representative before this deadline. We will execute your redemption instructions in accordance with the provisions of the Company's Hong Kong offering documents, free of charge, although in some countries local paying agents, correspondent banks or similar agents might charge transaction fees. Local agents might also have a local dealing cut-off which is earlier than that described above, so please check with them to ensure that your instructions reach the Hong Kong Representative before the dealing cut-off at 5:00 p.m. Hong Kong time on **10 November 2022**.

Other miscellaneous updates

Currently, various SISF SFC-Authorised Funds as set out in Appendix 3 do not directly invest in certain activities, industries or groups of issuers above the limits listed under "Sustainability Information" on the SISF SFC-Authorised Fund's webpage (<https://www.schroders.com/en/hk/retail-investors/funds/fund-centre/>²). From the date of this notice, the above information would be published on www.schroders.com/en/lu/private-investor/gfc³.

Updates to Hong Kong offering documents

The Hong Kong offering documents of the Company will be revised to reflect the above changes / updates and will be available free of charge at www.schroders.com.hk⁴ or upon request from the Hong Kong Representative of the Company, Schroder Investment Management (Hong Kong) Limited.

12 July 2022

Dear Shareholder,

Schroder International Selection Fund (the "Company") – Greater China (the "Fund")

We are writing to inform you that on 16 August 2022 (the "**Effective Date**") the Fund's permitted exposure to China A-Shares will increase from less than 30% of its assets (on a net basis) to less than 50% of its assets (on a net basis) (the "**Change**").

We have also updated the Fund's investment policy to permit investment in China A-Shares listed on the Science and Technology Innovation Board ("**STAR Board**") of the Shanghai Stock Exchange and ChiNext market of the Shenzhen Stock Exchange.

Background and rationale

In recent years, the weighting of the index constituents from Chinese companies listed on the mainland China stock exchanges of the target benchmark has increased and therefore increased exposure to China A-Shares is required in order for the Fund to take larger positions in Chinese companies.

The STAR Board and ChiNext are technology based Chinese stock exchanges and are being added as part of the Fund's Chinese investment focus.

Implication of the proposed changes

Save as disclosed above, (i) all other key features of the Fund (including fees chargeable in respect of the Fund as stated in the Hong Kong offering documents) will remain the same, except that the Fund will be subject to additional key risks such as the QFI risks and increased risks relevant to investment in onshore China equity securities (e.g. risks related to the People's Republic of China and risks related to investments via the Stock Connect) as a result of the changes set out above; and (ii) there will also be no material change in the operation and/or manner in which the Fund is being managed as a result of the changes set out above. The changes are not expected to materially prejudice the rights or interests of existing investors.

Costs and expenses in respect of the changes

Any costs and expenses incurred in the changes including legal, audit and regulatory charges, which are estimated to be approximately less than 0.01% of the net asset value of the Fund, will be borne by the Fund. Such costs and expenses are insignificant.

The Hong Kong offering documents of the Company will be revised to reflect the above changes and will be available free of charge at www.schroders.com.hk¹ or upon request from the Hong Kong Representative of the Company, Schroder Investment Management (Hong Kong) Limited.

Redeeming or switching your shares to another Schroders fund

We hope that you will choose to remain invested in the Fund following these changes, but if you do wish to redeem your holding in the Fund or to switch into another of the Company's sub-funds authorized by the Securities and Futures Commission ("SFC")² before the Effective Date, you may do so at any time up to and including the dealing cut-off at 5:00 p.m. Hong Kong time on **15 August 2022**. Please ensure that your redemption or switch instruction reaches the Hong Kong Representative before this deadline. We will execute your redemption or switch instructions in accordance with the provisions of the Company's Hong Kong offering documents, free of charge, although in some countries local paying agents, correspondent banks or similar agents might charge transaction fees. Local agents might also have a local dealing cut-off which is earlier than that described above, so please check with them to ensure that your instructions reach the Hong Kong Representative before the dealing cut-off at 5:00 p.m. Hong Kong time on **15 August 2022**.

21 December 2021

Dear Shareholder,

Schroder International Selection Fund (the "Company") – Change of depositary and administrator

We are writing to inform you of a change of depositary and administrator of the Company and its sub-funds including those which are authorised by the Securities and Futures Commission ("**SFC**")¹ as set out in the Appendix A to this letter ("**Funds**").

Internal Restructuring of the Depositary and Administrator of the Company and the Funds

Currently, J.P. Morgan Bank Luxembourg S.A. ("**JPMBL**") is the Depositary and Administrator of the Company and the Funds. JPMBL and its affiliates are collectively referred to as "JPMorgan" in this letter.

As part of an internal restructuring with the aim to streamline JPMorgan's banking entity structure across Europe, three banking entities in the JPMorgan group domiciled respectively in Germany, Luxembourg and Ireland and their branches across the region will be merged into a single European bank ("**Merger**"). The Merger requires the approval by the sole shareholder of the merging entities (i.e. J.P. Morgan International Finance Limited), which has been obtained in the end of November 2021. The date when the Merger takes legal effect will be the date on which the local court of Frankfurt registers the Merger in the commercial register (the "**Effective Date**"), which is expected to be on or around 22 January 2022.

JPMBL will be one of the impacted legal entities of the Merger. In particular, the Merger will involve JPMBL merging into J.P. Morgan AG, which in turn will simultaneously change its legal form from a German Stock Corporation (*Aktiengesellschaft*) to a European company (*Societas Europaea*) known as J.P. Morgan Societas Europaea ("**JPMSE**") organised under the laws of Germany with registered office at Taunustor 1 (TaunusTurm), 60310 Frankfurt am Main, Germany and registered with the commercial register of the local court of Frankfurt under number HRB 16861. It will be a credit institution subject to direct prudential supervision by the European Central Bank (ECB), the German Federal Financial Supervisory Authority

¹ SFC authorization is not a recommendation or endorsement of a scheme nor does it guarantee the commercial merits of a scheme or its performance. It does not mean the scheme is suitable for all investors nor is it an endorsement of its suitability for any particular investor or class of investors.

(*Bundesanstalt für Finanzdienstleistungsaufsicht*, BaFin) and Deutsche Bundesbank, the German Central Bank. All of JPMBL's assets and liabilities will be transferred to the Luxembourg Branch of JPMSE, which will operate as J.P. Morgan SE – Luxembourg Branch ("**JPMSE Luxembourg**").

We will notify you separately if there is any change in the Effective Date or any other material changes to the Merger.

The Commission de Surveillance du Secteur Financier ("**CSSF**") is the financial regulator in Luxembourg where the Company is domiciled and has been notified of the Merger. JPMSE Luxembourg is authorised by the CSSF to act as a depositary and fund administrator for Luxembourg undertakings for collective investment. The CSSF has confirmed no objection to JPMSE Luxembourg assuming the role of Depositary and Administrator of the Company and the Funds. JPMSE Luxembourg will be registered in the Luxembourg Trade and Companies' Register (RCS) under number B255938 and will be subject to the supervision of the home State supervisory authorities mentioned above, as well as local supervision by the CSSF.

On the Effective Date and in accordance with Luxembourg laws, JPMBL will cease to exist and the depositary and administration functions of JPMBL will transfer from JPMBL to JPMSE Luxembourg, and JPMSE Luxembourg will succeed JPMBL as the Depositary and Administrator of the Company and the Funds. JPMSE Luxembourg will assume all rights and obligations that JPMBL currently has under its existing agreements with the Company and accordingly the rights and obligations of the Company and the Funds with respect to the Depositary and Administrator will not be impacted. The business operations of JPMBL will be carried on without interruption by a locally fully passported, Luxembourg based branch of JPMSE (i.e. JPMSE Luxembourg) and the duties and obligations of JPMBL as stated in the Hong Kong offering documents and/or the constitutive documents of the Company and the Funds will be taken up by JPMSE Luxembourg as of the Effective Date. There will be no changes to the scope of services provided to the Company and the Funds, and no change in the level of fees payable by the Company and the Funds to the Depositary and Administrator. The address and contact details of the Depositary and Administrator will remain the same, and the personnel, functions and internal control measures of JPMSE Luxembourg will be substantially the same as those of JPMBL currently.

Save as disclosed above, there will be no other change in the operation or manner in which the Company and the Funds are being managed. There will be no impact on the features and risks applicable to the Company and the Funds. There will be no change to the fee level / cost in managing the Company and the Funds. The changes will not materially prejudice the shareholders' rights or interests. All costs (including the legal and other administrative costs) associated with the changes to the Company and the Funds above will be borne by Schroder Investment Management (Europe) S.A., the Company's management company.

The Hong Kong offering documents of the Company and the Funds will be revised to reflect the above change and will be available free of charge at www.schroders.com.hk² or upon request from the Hong Kong Representative of the Company and the Funds, Schroder Investment Management (Hong Kong) Limited.

Options available to investors

What is this product?

This is a sub-fund of Schroder International Selection Fund, a mutual fund domiciled in Luxembourg and its home regulator is Commission de Surveillance du Secteur Financier.

Objectives and investment strategy

Investment Objective

The fund aims to provide capital growth in excess of the MSCI Golden Dragon (Net TR) index after fees have been deducted over a three to five year period^{Note} by investing in equity and equity related securities of People's Republic of China, Hong Kong SAR and Taiwan companies.

Investment Policy

The fund is actively managed and invests at least two-thirds of its assets in equity and equity related securities of companies in People's Republic of China, Hong Kong SAR and Taiwan.

The fund may invest directly in China B-Shares and China H-Shares and may invest less than 30% of its assets (on a net basis) directly or indirectly (for example via participatory notes) in China A-Shares through:

- Stock Connect (as defined below);
- The Qualified Foreign Investor ("QFI") Scheme; and
- regulated markets.

The fund is not subject to any limitation on the market capitalisation of the companies that it may invest in.

The fund may also invest up to one-third of its assets directly or indirectly in other securities (including other asset classes), countries, regions, industries or currencies, investment funds, warrants and money market investments, and hold cash (subject to the restrictions provided in Appendix I of the Prospectus).

The fund may invest directly in China A-Shares via the Shanghai-Hong Kong Stock Connect and the Shenzhen-Hong Kong Stock Connect (collectively "Stock Connect") (as further described in the section headed "Stock Connect" in the Hong Kong Covering Document). Indirect exposure to China A-Shares may also be sought for the fund through investment in financial instruments such as China market access products and other funds with China access through QFI status. The fund does not currently intend to invest 30% or more of the net asset value of the fund directly and indirectly in China A-Shares and China B-Shares.

Under exceptional circumstances (e.g. market crash or major crisis), the fund may be invested temporarily up to 100% of its net asset value in liquid assets such as bank deposits, certificates of deposit, commercial paper and treasury bills for cash flow management.

The fund may use derivatives with the aim of reducing risk or managing the fund more efficiently. Derivatives can be used for instance to create market exposures through equity, currency, volatility or index related financial derivative instruments and include over-the-counter and/or exchange traded options, futures, contracts for difference, warrants, swaps, forward contracts and/or a combination of the above.

^{Note} For clarification purpose, this means to exceed a medium to long term return of the stated index after fees have been deducted. The three to five year period is considered as a medium to long term period, and is the period over which an investor should assess the fund's performance.

Benchmark

The fund's performance should be assessed against its target benchmark being to exceed the MSCI Golden Dragon (Net TR) index ("Target Benchmark") and compared against the Morningstar Greater China Equity Category ("Comparator Benchmark"). The fund's investment universe is expected to overlap to a limited extent with the components of the Target Benchmark. The Comparator Benchmark is only included for performance comparison purposes and does not have any bearing on how the investment manager invests the fund's assets.

Use of derivatives / investment in derivatives

The fund's net derivative exposure may be up to 50% of the fund's net asset value.

What are the key risks?

Investment involves risk. Please refer to the offering document for details including the risk factors.

1. Equity investment risk

Investment in equity securities is subject to the risk that the market value of the stocks may go down as well as up due to numerous factors such as changes in investment sentiment, political environment, economic environment, issuer-specific factors, regional or global economic instability, currency and interest rate fluctuations. If the market value of the stocks go down the net asset value of the fund may be adversely affected.

2. Emerging and less developed markets

The fund may invest in emerging and less developed markets. Investing in emerging and less developed markets is subject to greater risks than investing in securities of developed countries such as ownership and custody risks, political and economic risks, market and settlement risks, liquidity and volatility risk, legal and regulatory risks, execution and counterparty risk, and currency risk, which may adversely affect the net asset value per share of the fund and investors may as a result suffer losses.

3. Risks related to investment in the People's Republic of China (the "PRC")

Investing in the securities market in the PRC is subject to the risks specific to the PRC market including change in political, social or economic policy risk, liquidity and volatility risk, currency and exchange risk.

- **Change in political, social or economic policy risk** – The investment will be sensitive to any significant change in political, social or economic policy in the PRC which may adversely affect the capital growth and thus the fund performance.
- **Legal and regulatory risk** – The regulatory and legal framework for capital markets and joint stock companies in the PRC may not be as well developed as those of developed countries. PRC companies are required to follow the PRC accounting standards and practice which may deviate significantly from international accounting standards. The settlement and clearing systems of the Chinese securities markets may not be well tested and may be subject to increased risks of error or inefficiency. Securities exchanges in the PRC typically have the right to suspend or limit trading in any security traded on the relevant exchange. The government or the regulators may also implement policies that may affect the financial markets. All these may have a negative impact on the fund.
- **Liquidity and volatility risk** – Compared with the choice available in other markets, there is a low level of liquidity in the A-Shares and B-Shares of the PRC markets. This could potentially lead to severe price volatility.
- **Currency and exchange risk** – The PRC government's control of currency conversion and exchange rates may adversely affect the operations and financial results of the companies invested in by the fund.
- **PRC taxation consideration** – The fund investing in securities issued by companies resident in the PRC are subject to dividend withholding tax but are not currently subject to capital gains tax in the PRC. The tax laws, regulations and practice in the PRC are inherently uncertain and liable to change without prior notice. They may also be changed with retrospective effect. The fund does not currently make any provision for Chinese capital gains tax. If appropriate, a provision may be introduced for the fund to cover capital gains tax, withholding taxes or other taxes. Consequently, investors may be advantaged or disadvantaged depending upon the final rules.

4. Risks related to investments via the Stock Connect

The relevant rules and regulations on Stock Connect are subject to change which may have potential retrospective effect. The Stock Connect is subject to quota limitations. Where a suspension in the trading through the programme is effected, the fund's ability to invest in China A-shares or access the PRC market through the programme will be adversely affected. In such event, the fund's ability to achieve its investment objective could be negatively affected.

5. Risks related to investments in China market access products

The fund may use China market access products (e.g. participatory notes) to gain exposure to China A-Shares indirectly. This involves additional risks including lack of a secondary market in such instruments, illiquidity of the underlying securities, difficulty in selling these instruments at times when the underlying markets are closed and counterparty default risk.

6. Risks related to investments in other funds with China access

- Investing in other funds may result in additional operating fees and expenses from the underlying funds.
- The fund may invest in other funds with China access through QFI status. Therefore, the fund is indirectly exposed to the risks associated with the QFI regime such as suspension or revocation of the QFI status, as well as repatriation and liquidity risks.

7. Derivatives

The fund may use derivatives to meet its specific investment objective. There is no guarantee that the performance of derivatives will result in a positive effect for the fund. Derivative exposure may lead to a high risk of significant capital loss. Risks associated with derivatives include credit risk and counterparty risk, liquidity risk, valuation risk, volatility risk, over-the-counter transaction risks and hedging risk. The leverage element/component of derivatives can result in a loss significantly greater than the amount invested in the derivatives by the fund. There is no guarantee that the desired hedging instruments will be available or hedging techniques will achieve their desired result. In adverse situations, the use of hedging instruments may become ineffective in hedging and the fund may suffer significant losses.

8. Smaller companies risk

Fund invests in smaller companies may fluctuate in value more than other funds and may be more vulnerable to adverse developments than those in larger companies. During periods where markets are falling, securities of smaller companies may become less liquid and experience short-term price volatility and wide spreads between dealing prices.

9. Risks relating to distributions

- For distribution share classes with a general dividend policy, expenses will be paid out of capital rather than out of gross income. The amount of distributable income therefore increases and the amount so increased may be considered to be dividend paid out of capital; capital growth will be reduced and in periods of low growth capital erosion may occur.
- Distribution share classes with a fixed dividend policy will distribute the dividends based on a fixed amount or fixed percentage of the net asset value per share. This may result in share classes with fixed distributions either paying out both income and capital in distribution payments, or not substantially distributing all the investment income which a share class has earned.

- You should note that in the circumstances where the payment of distributions are paid out of capital, this represents and amounts to a return or withdrawal of part of the amount you originally invested or capital gains attributable to that and may result in an immediate decrease in the net asset value per share.

10. Currency risks

Assets and share classes may be denominated in currencies other than USD and some may not be freely convertible. The fund may be adversely affected by changes in foreign exchange rates and exchange rate controls of the currencies in which securities are held, the reference currencies of the share classes and the US Dollar. This exposes all share classes of the fund to exchange rate fluctuations and currency risk. It may not be practicable or possible to hedge against such foreign exchange/currency risk exposure.
